

SOOTHING YOUR CELLS WITH COSMIC MUSIC

Through joyfully expanding their consciousness with the awesome soulmate pair of Unified Geometrical Mathematics and Cosmic Music, Erika and Henry Monteith are rejoicing in their comprehension and understanding of the wonderful fact that the harmonious interaction of electromagnetic frequencies and tonal vibrations, combined with earthly and celestial magnetic force frequencies, are directly influencing every cell in our bodies from moment to moment. With this knowledge, Erika can now give concerts in which she creates beautiful music and demonstrates its power, with spiritually inspired improvisations, by resolving disharmony into harmony, which positively stimulates the functions of our cells while soothing, balancing, and calming their interactions.

DR. HENRY MONTEITH, DR. BRUCE LIPTON, MS. ERIKA MONTEITH

Our major goal is to strongly influence the mental development, and expand the cosmic awareness, of teachers, parents, and senior citizens so that their ability to fully release the awesome intellectual and spiritual potentialities of their precious Babies, and fill them with the love of pure learning, will be astronomically increased! We desire to help them realize the wonderful opportunities, which are now unfolding before them, to holistically enhance their health physically, mentally, and spiritually, and enable them to gain an understanding of their place and purpose in the Cosmos which will affect them so deeply that they will look forward to the glorious future of their Spirits with eternal and profound joyous expectation!

We desire to do our best to help them realize the crucial importance of fulfilling their evolutionary responsibility of developing their personal cosmologies through deep meditation, upon the lessons learned from life's experiences, under the guidance and inspiration of the Cosmic Essence. In this manner, they become fully capable of mythologically performing the indispensable parental function of getting their Babies in harmony and tune with their natural environment, and the universe, while simultaneously developing their ability to remain there.

It is well known that harmonic and dis-harmonic silent vibrations and audible musical frequencies have a great impact in everybody's life. Indeed, as a result of our life's experience, and many years of study through deep contemplation and meditation, we have found that different vibratory frequencies have a serious effect on the lives of every cell in our bodies.

It was with great admiration that we studied Dr. Lipton's book The Biology of Belief because not only did it enhance our comprehension of cellular life, but is also further substantiated our discovery that 'thought' can be modeled geometrically and that geometrical information can be transferred by inversion from the counter-spatial enfoldment of a geometrical entity to its spatial embodiment, and vice-versus, across the boundary that separates and distinguishes them. Thus, we were greatly honored to have the privilege of meeting Dr. Bruce Lipton at his workshop in Florida where he further convinced us that we are on the right track.

Our first book, Soulmate Cosmological Action, established the foundation upon which we are blissfully expanding the consciousness and awareness of our Spirits by fulfilling our evolutionary responsibility of evolving our Personal Cosmology. We are now in the process of evolving Spiritual Science to a subjective-intuitive level that is equal and compatible with the objective-intellectual level of Physical Science. To accomplish this, we have found it necessary to unite masculine Physical Science with Feminine Spiritual Science by developing a unified Language of Universal Geometrical Mathematics and Music. Once this has been accomplished, everyone willing to learn, including parents, teachers and senior citizens, will be able to joyfully teach students of all ages mathematics, music, science, and spirituality simultaneously while emphasizing their inherent Cosmic Oneness.

The title of our next book is: Now you are 60, so what!? This book will inform senior citizens that they can choose to create their personal paradise in the now-time! Please read Heaven in the Eternal Now on our website at www.soulmatecosmology.com.

Erika is also in the process of creating a CD of innovative piano music that is designed to healthfully invigorate and soothe the minds and cells of mothers-to-be, mothers, and their babies. The superiority of her CDs over others of their kind, such as those involved in the Mozart Effect, will be described in a booklet that accompanies her CD.

We are very thankful to Dr. Bruce Lipton for his encouraging words and wonderful support. We are anxiously looking forward to working with him, and his colleagues toward our common goal of helping to physically, mentally, and spiritually uplift the whole of Mankind during this awesome period of consciousness transformation.

For those who desire to order our book Soulmate Cosmological Action, which is now available, and our following book and CD that we are planning to release next year, and if you kindly desire to help us with our work, please order our books through our website at:

www.soulmatecosmology.com.

Since all life is created as a consequence of Soulmate Cosmological Action, and the cell is the fundamental building block of all living entities that are recognized by mankind, it is absolutely necessary that everyone, who desires to learn, study all of the works of Dr. Bruce Lipton. His books and DVDs can be ordered through his website at:

www.brucelipton.com.

Lectures and seminars, given by Dr. Henry and Erika Monteith, are available for senior citizens, mothers, mothers-to-be, and all others who are interested in accelerating the physical, mental, and spiritual uplifting of mankind.

May the awesome Love and Oneness of the Cosmic Essence give Its blissful support to all of humanity as the transformation of their consciousness unfolds from the sublime darkness of earth-bound materialism to the glorious light of cosmic spirituality.

Dr. Henry and Erika Monteith
