

**AWAKENING THE CHILDREN
OF
THE LAW OF ONE (III)
(THE ATLANTEAN CHANNEL)**

Dr. Henry and Erika Monteith

www.soulmatecosmology.com

Everything written below is from the point of view of our personal cosmology. It is not intended to be true for anyone else reading it, and we are most certainly not attempting to convince the reader of anything whatsoever. Even if we desired to do so, it is impossible; because one person can never transfer his understanding to another! It is for you to prove or disprove according to your ability to expand your consciousness. You are a Microcosm, created to view the Cosmos from your own unique point of view; therefore, if you wish to experience the indescribable joy and happiness of knowing who you are, where you came from, and where you are going, you must develop your personal cosmology from scratch to the level of awareness where you feel the wondrous bliss of being at One with The Consciousness of Energy! Remember, 'right' and 'wrong' are dual aspects of the same thing! Arguing between them is useless, because one cannot exist without the other; it is for you to choose which side you will physically realize and which side you will leave unfulfilled in your unconscious mind where it must eternally serve as a reference!

THE MONASTERIES OF THE MYSTIC MASTERS exist both Physically (3rd dimensional) and Spiritually (5th dimensional). They are the repositories of all of the knowledge that has been accumulated by Mankind throughout their entire history on Earth, an Abode for Divine Master Teachers and Representatives of Unselfish Love, and the Wisdom of COSMIC CONSCIOUSNESS that has been passed down like a candle lighting a candle: from an Adept Initiate True Teacher to Student, who became an Adept Initiate True Teacher, who passed it to a student, who became an Adept Initiate True Teacher, etc., throughout time (This is the Eternal Light of the Spirit that always shines during every period of the Dark Caterpillar Phase of the 26,000 year cycle of Mankind's Recent Spiritual Development on Earth).

The Mystics and Master Teachers of Mankind on Earth have always, from age to age, chosen a center in Earth's 3-dimensional realm from which to radiate and direct their help to all true seekers. Their last 3-dimensional center, for

13,000 years, was in Tibet. It is no longer there. Individually, they began to move out among men in 1883, and finally abandoned Tibet as a 3-dimensional Spiritual Center in 1923 to rebuild Astrally in the 5th dimensional realm and eventually re-incarnate physically back into a new 3-dimensional pyramid in the Andes Mountains of South America. This effectively replaces the Atlantean Monastery of THE CHILDREN OF THE LAW OF ONE (CLO), which had existed in Tibet since before the final sinking of Atlantis (9,600BC).

After destroying more than 6000 Monasteries during their invasion of Tibet, that began in the 1950s, the Chinese finally succeeded in locating the Monastery of the CLO and destroyed it also, with a Hi-Tech Weapon, in 1992. This immediately initiated Its re-incarnation as the 3D physical aspect of the Sacred New Pyramid in the Andes Mountains.

Melchizedek Master Teacher Brown Landone.

THE CLO AND THE ABSOLUTE LAW OF ONENESS

We have defined **THE CHILDREN OF THE LAW OF ONE (CLO)** as the sum total of all of the deeply spiritual people on earth, who are Atlantean descendants and who have expanded their planes of consciousness beyond the fourth dimensional level of Cosmic Spiritual Awareness. They are eternally experiencing the Glorious Bliss of being at **ONE** in the **LOVE** and **LIGHT** of the **NAMELESS** and **BOUNDLESS COSMIC ESSENCE (BCE)**; their thoughts are ITS thoughts, and ITS thoughts are their thoughts:

Man alone, of all my created things hath begun to hear My whisperings. Since his beginning My still voice hath whispered within him that I am he and he Me; but even now barbaric man on thy small new world heareth dully, and maketh idols which he treasures before Me, for he is still new. He is still but in the ferment of his early brewing.

I, with man, am creating man in My Cosmic Image. What I am, man is. I think idea; and the form of my idea appears in the pattern of My thinking. I think man; and man appears in the pattern of My thinking. Man thinks man; and man appears in the image of man's thinking. Man's thinking is My thinking. All thinking things are thinking My thinking. All created things are formed in the image of My thought imaginings to manifest My thought imaginings. The universe is My image, creature of My imaginings.

Awakening man is he who knoweth the Light of Me in him. Man may choose his own aeons for his awakening, but know Me he must. Until that day, man's agony of unknowing shall be man's alone. His knowing must be his own desiring.

Behold in Me the One , inseparable. Two things there are not in My universe. There is but Me. Everything that is, consists of every other thing that is. Nothing is of itself alone. All things are indissolubly united. This is a universe of seeming; an imaged universe of thinking; an action universe of desiring. That which Mind desireth will appear in the image of that desire.

THE BOUNDLESS COSMIC ESSENCE ("I AM THAT I AM")
The Divine Iliad of Walter Russell

THE ABSOLUTE LAW OF ONENESS, which is the greatest, and simultaneously the simplest, of all of the four great Cosmic Laws is stated as follows:

THE ABSOLUTE LAW OF ONENESS

All things which are bounded and perceivable, and all things which are unbounded and unperceivable, are timelessly and characteristically united as One; and the Absolute One is systematically, and Eternally, manifesting Itself as Infinitely Expanding Cosmic Light (Energy).

Corollary (A) - Energy cannot be destroyed.

Corollary (B) - Energy is eternally EXPANDING QUANTITATIVELY AND QUALITATIVELY.

Corollary (C) - All things are Absolutely Entangled, as ONE, in an Eternal Boundless Sea of CONSCIOUS Ethereal Mind-Force Energy!

Even Babies in the cradle realize, at least subconsciously, that they are critically dependent upon their mothers; the mothers are dependent upon family and friends around them; all people are dependent upon the Earth; the earth is dependent upon the Sun; the Sun is dependent upon the Galaxy and so on up to the Projective Boundary at Infinity with which BCE enfolds the entire COSMOS! Should it not

be plainly obvious that all things are A BOUNDED ONE?

But according to the Great Law of DUALITY, that which is BOUNDED can only be comprehended with respect to a thing which is abstractly considered as BOUNDLESS. Therefore, BOUNDED and BOUNDLESS are a Cosmic Soulmate Pair and One cannot exist without the Other! **There is but one thing, and one thing only, which can be perceived by the human mind that is BOUNDLESS: this thing is CONSCIOUSNESS!**

“Energy and Mass are equivalent”, says the Theory of Relativity, “Energy is directly proportional to Frequency”, says the Quantum Theory, and this justifies the most ancient Law of Spiritual Science which says: **“ALL IS VIBRATION!”**

Now if everything is made of energy and energy cannot be destroyed, then vibration is eternal, having no end and no beginning. Therefore, in order to be compatible with this, **the COSMOS must have AN ETERNAL CIRCADIAN (asleep-awake) CYCLE!** Since Man, the Microcosm, is a living CONSCIOUS being with a circadian cycle, created in the Image of the COSMOS, **THE COSMOS IS ALSO A LIVING CONSCIOUS BEING!**

In our Personal Cosmology, we define BCE’S CONSCIOUSNESS of his BOUNDLESSNESS as His COSMIC AWARENESS. It is the projection of BCE’s Cosmic Awareness into the **FEMININE ETHEREAL MATRIX OF COSMIC MASS ENERGY (FMM)** which becomes **THE CONSCIOUSNESS OF ENERGY(COE).**

Therefore, **WE ARE ETERNAL ENERGY!** Each and every Human Microcosm is a bounded and centered aspect of **THE CONSCIOUSNESS OF ENERGY** which eternally centers them from within and bounds them from without. **OUR CONSCIOUSNESS IS ABSOLUTE PROOF OF BCE (GOD)!**

THE INSEPARABLE ONE

In our Personal Cosmology, we define any bounded and centered **THING, THOUGHT, or PROCESS,** which can be perceived by the human mind as a **CONCEPT,** that can be represented by a **GEOMETRIC POINT.** In Figure(1) below, we show that it is impossible to separate a point from itself or from any

INDISSOLUBLY ONENESS OF ALL THINGS

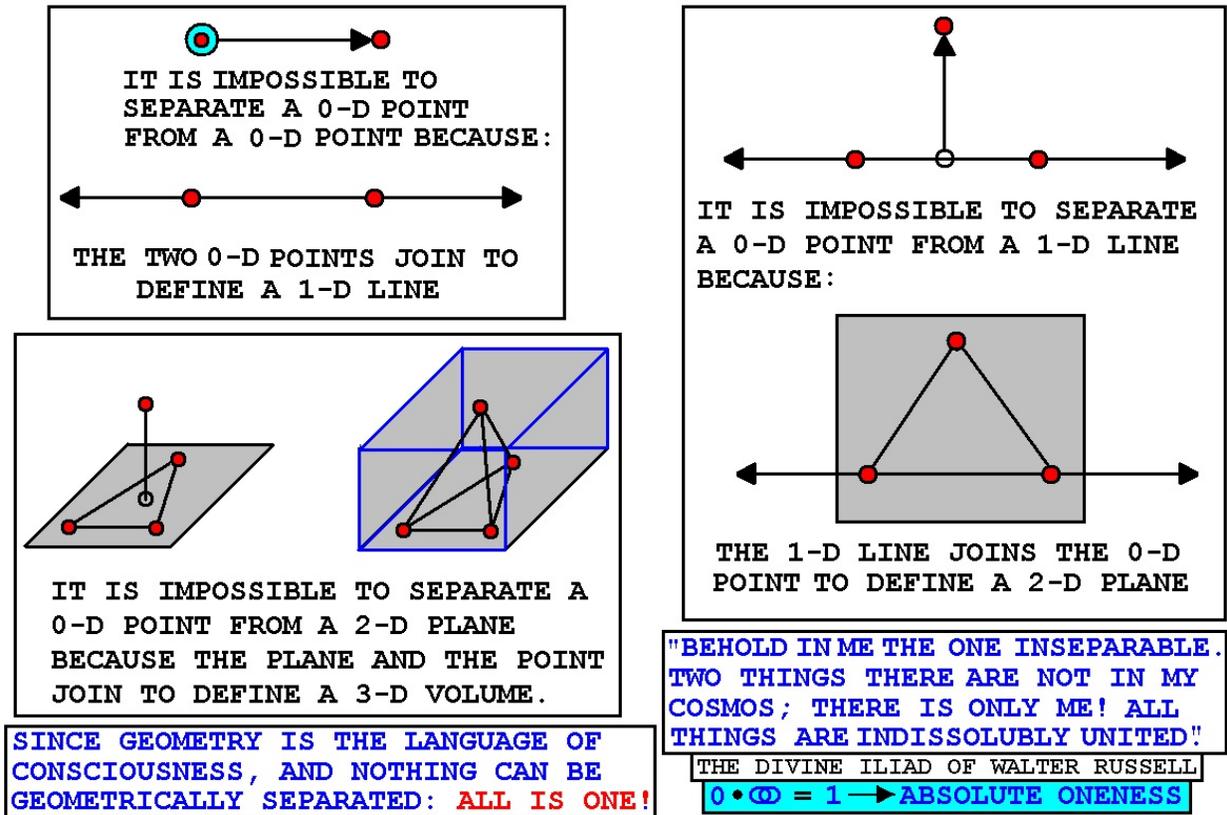

Figure (1)

other geometrical figure that can be constructed by joining points. **In general, a point, or the concept that it represents, can never be separated from anything!**

The Absolute Law of Oneness is eternal and can never be broken.

THE FIRST DUALITY, which is generated by BCE's first thought: "I AM THAT I AM", implies the **CONCEPT of EXISTENCE** versus **NON-EXISTENCE**.

THE SECOND DUALITY, is generated by BCE's second thought of the **ONE** versus the **MANY**.

THE THIRD DUALITY: Since no two things can be 'opposite' in the sense that

they are also ‘separate’, BCE had no choice but to **GENDER CONDITION** the two aspects of each and every duality; **therefore, “MALE and FEMALE created He them.”** (Genesis 5 : 2). It expresses itself in an infinity of ways such as: Feminine (+), Masculine (-), Feminine Magnetism, Masculine Electricity, etc.

Due to the Second Duality, **that which is eternally ONE expresses itself through the IDEALIZATIONS of Its thought as an infinitely countable MANY things.** Yet any given ‘thing’ in the COSMOS is virtually zero in size compared to the unbounded vastness of the COSMOS Itself which is **projectively bounded at infinity by the COSMIC AWARENESS of BCE.** Now it is well known that when a Pie, for example, is divided into N number of pieces, the size of each piece is $1/N$; consequently, $(1/N) \times (N) = 1$. But when N becomes infinity, as it is in the COSMOS, $1/N$ becomes zero; therefore, **(zero) x (infinity) = 1 is the equation of Absolute Oneness** as shown in Figure(1).

Finally, since **THE COSMOS, in all of its ONENESS, is the REPRESENTATIVE of BCE, It is, by abstraction, ABSOLUTE PROOF OF BCE (GOD).**

With all of this proof of GOD, pressing in upon them from all sides, why are some of the world’s greatest scientists and philosophers still asking the question: “Is there a GOD?” When we tell them that “God is the most obvious and simplest of all things,” they immediately follow with the question: “Where is your proof?”.

This best of all examples, profoundly illustrates the fact that nobody can comprehend and understand anything which exists in a plane of consciousness that is characterized by a higher vibrational frequency than their own! **This is why Jesus tried so hard to tell his disciples that they can only experience ‘Heaven’ by Expanding (Ouranos) their Planes of Consciousness. And as we have been telling you, over and over, this can only be EARNED by gaining all of the wisdom and understanding that you can from the experiences of your lives, and dedicating yourself completely to THE LOVE OF PURE LEARNING and fulfilling the Purpose for which you were created. And then, like Archimedes, you will know the boundless JOY of exponentially expanding “Eureka” experiences!**

FOUNDATIONS OF THE UNIVERSITY OF COSMIC LIGHT(UCL)

The teaching and learning aspect of **THE CONSCIOUSNESS OF ENERGY (COE)** is hierarchically organized in a manner which is quite similar to that of an earthbound university; Therefore, we will refer to it simply as **THE GREAT UNIVERSITY OF COSMIC LIGHT (UCL)** (*2016-04-10-UNIVERSITY-COSMIC-LIGHT.pdf*). With respect to the people of Earth, the Students in this University are all members of **THE CHILDREN OF THE LAW OF ONE (CLO)**. In early Jewish history, the professors constituted **THE ETERNAL MELCHIZEDEK PRIESTHOOD!**

The name, Melchizedek, literally means “The King of the Upright-ONE.” The books of Moses contain the spiritual manual of the priesthood of Melchizedek. It was so sacred, and taught such phenomenal uses of God-Power, that the secret instructions were hidden in stories. **They teach about the four processes of creation which interact with each other to generate the seven rays of manifestation that constitute the projection of the Feminine Creative Octave of Cosmic Music.**

Just as earthbound students must attend grades K - 12 before they can qualify to enter a university, so must each incarnated person expand their plane of consciousness from the first to the fourth level of Cosmic Spiritual Awareness, during the Dark Caterpillar Phase, before they can qualify to enter UCL. **Since all Evolutionary and Involutionary Gender Conditioned Action is taking place on the timeline of eternity, many lifetimes are usually required for a person to expand their plane of consciousness upward through the first four levels to the fifth level.** Only a few hundred lifetimes of different duration can be lived during the 13,000 year Dark Caterpillar Phase of the cycle of spiritual evolution on earth; however, the human spirit is not limited to Earth and can expand its planes of consciousness during analogous Cycles of Spiritual Evolution and Involution taking place on many worlds and planets!

Since **WE ARE ENERGY** and the **ESSENCE** of all things, including the Cosmic University, is within us every thought you think, everything you feel, and every act you perform are all metrically and intimately recorded at all seven levels of mass-energy density at their corresponding light speeds. Throughout the Caterpillar Phase, the existence of the Cosmic University and this intimate

recording is a closely guarded secret. **It is only now, when the Caterpillar Phase is coming to an end, that the UCL Professors are allowed to inform the people of Earth about UCL and the intimate role that it plays in the development of their spirituality.** The reason for this is akin to the fact that children behave and act with total freedom only when they are unaware of the consequences of their actions and feel that they are not being closely watched and evaluated. Real learning, especially for people who are very ignorant, can only take place in this kind of environment; otherwise, they greatly constrain themselves.

It is well known to the Gurus and Spiritual teachers of India and Tibet that “when the student is ready, the master will appear.” In other words, **it is the personal responsibility of the student to overcome their selfish-self and rise above materialism to the degree that their spiritual awareness extends above the fourth level and they can begin the process of becoming a member of the CLO.** Once this has been achieved, all of the services of the Cosmic University are available to them. Therefore, when we became ready to begin the lifelong process of developing a Theory of Everything, which includes Consciousness, our beloved Melchizedek Teacher, Dr. Brown Landone, appeared! **The awesome JOY and Bliss of working under the inspiration and guidance of a Master Teacher of Light is a Cosmic Gift that is far beyond our ability to describe, so we will not try!** Without the foundation which he laid down for us, we would never have been able to go as far as we have toward developing a Theory of Everything, which includes Consciousness, that is accessible to the Precious Children of Light who are now being born.

During the development of our cosmology, we have come to the remarkable conclusion that **it is the harmonically balanced interchange of the energy of love between dual-sexed pairs that is the cause of all vibration!** For example, consider the ethereal vibrations which create visible light: The electric aspect of light is masculine while its feminine aspect is magnetic. When the energy of the light is stored in its magnetic aspect, it then strongly desires to transfer this energy, by feminine action, to its soulmate, the masculine electrical aspect, and does so. After this energy has been received by the electrical aspect, it strongly desires to return it to its feminine aspect, by masculine action, and does so. It is in this very same manner that all of the frequencies of the light spectrum are created. Since energy is directly proportional to frequency, Light and Energy are identical.

From this it follows that the 26,000 year Evolutionary and Involuntary cycle of Mankind's Spiritual Development, in the 3-dimensional domain on Earth, must also be generated by the harmonically balanced interchange of the energy of Love between the dual-gender-conditioned Soulmate Pair: **CHILDREN OF THE SELFISH SELF (CSS) and CHILDREN OF THE LAW OF ONE (CLO)**! The CSS love their materialistic **SELFISH SELVES** and believe that the physical world is the source of all 'Cause' and 'Effect'. Since in our Personal Cosmology, **physical science is masculine**, we assign **masculine gender to the CSS**; their Action Energy is predominately Kinetic in nature and is characterized as '**taking and re-taking**'. The CLO are selflessly in love with all things and know that **BCE is the source of all 'Cause' and 'Effect'**. Since in our Personal Cosmology, **Spiritual Science is feminine**, we assign **feminine gender to the CLO**; its Aspect Energy is predominately Potential in Nature and is characterized by '**giving and re-giving**'.

A POSSIBLE sequence of evolutionary events could have occurred before the Great Flood: Referring to Figure(2), we notice the following: At the height of the Atlantean civilization of Light in 17,000 BC, the CLO comprised the entire population. Everybody was releasing all of their Divine creative 'Potentials' and utilizing them to serve each other as 'representatives' of BCE (GOD). The great principle of 'giving and re-giving' was applied to such an enormous extent that everybody was giving to everybody else far more than they needed for themselves and the sense of ONENESS was so profound that every person would instantly give his life to save another; and, would 'kill' himself, if necessary, before he would 'kill' anybody else! (See our website article: *Christ (Ouranos)*). The ability of the people to apply the four processes of creation, with the direct power of their Minds, made the development of extensive materialist technology unnecessary. At time zero, this is indicated by the pendulum being in its state of maximum positive potential energy and zero kinetic energy where **kinetic energy represents the 'desire' of the people to serve their 'Selfish-Self'**.

The Divine Age of Lemuria lasted for approximately 2000 years which was sufficient time for those who had built Lemuria, during the process of expanding their Planes of Consciousness from the Darkness into the Light, to live several wonderful lifetimes in Lemuria as co-creators with BCE.

As the desire to serve the selfish self increased, the planes of consciousness of the

EVOLUTIONARY & INVOLUTIONARY

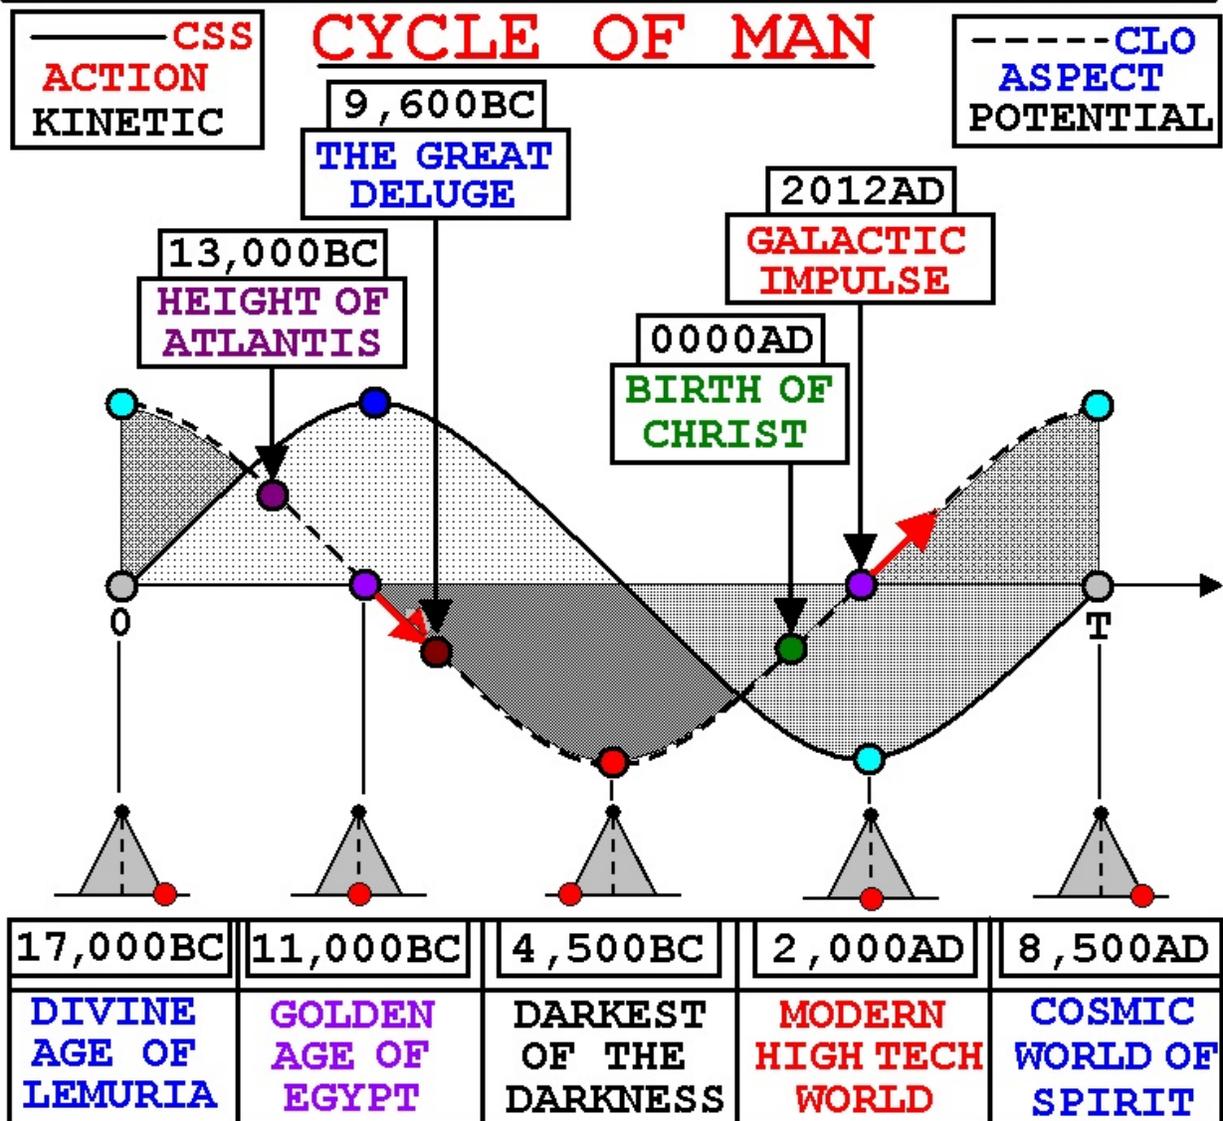

Figure (2)

Lemurian people, and their mothers in particular, also began to contract. This meant that Microcosms who required learning at lower and lower levels of spiritual awareness were gradually being born. By 13,000 BC, the planes of consciousness of the people had contracted to about level 5. Their efforts to expand their planes of consciousness, beginning at about this level, resulted in the building of the civilization of Atlantis. In Lemuria, Spiritual Science had been

dominant while physical science was recessive; but, with the contraction of their planes of consciousness to about level 5D, under the increasing influence of the CSS, physical science had begun to expand along with its application to technology. During the height of Atlantis, the influence of the CLO and the CSS was approximately equal; this balance was quite fruitful and the high tech civilization of Atlantis endured for over 2000 years.

Around 11,000BC, the planes of consciousness of the people, as a whole around the world, had declined to level 4D at which they were in the process of contracting from the Butterfly Phase of Light into the Caterpillar 3D Phase of Darkness. Also at this point, the pendulum in Figure(2) is at its neutral position where mankind's desire to serve the Selfish-Self is greatest (pendulum in state of maximum kinetic energy), the CSS are dominant, and the CLO are recessive. **It is at this point that the CLO temporarily reversed the contraction of the planes of consciousness of the Egyptian people, by helping them develop a remarkable System of Holistic Education which expanded them back above level 4D in less than 50 years!** We have already described how the High Priest RA and his colleagues built the Great Pyramid to serve as a time-line of events leading up to the rise of modern High-Tech civilization and **a remarkable TIME CAPSULE containing their records, those of Atlantis, complete details of their THEORY OF EVERYTHING and the remarkable system of Holistic Education** which enabled the Egyptian people to expand their Planes of Consciousness to level 5D!

THE CLO, THE LIGHT THAT SHINES IN THE DARKNESS AND LEADS TO THE DAWN IN THE MORNING

Now we must look into the mission of The Great Cosmic University of Light more deeply. Again we remind you that everything is Divine Energy and that all Evolutionary and Involutionary Dual Cosmic Soulmate Action is under the master control and guidance of THE CONSCIOUSNESS OF ENERGY(COE) which is the direct OCTAVE PROJECTION of the COSMIC AWARENESS of BCE into the FEMININE ETHEREAL MATRIX OF MASS ENERGY.

We have pointed out distinctively that before a student, who has dedicated himself to THE LOVE OF PURE LEARNING, can qualify for the most glorious of all Cosmic Experiences, that of having a wonderful Melchizedek Teacher and guide,

they must first expand their plane of consciousness up to and including Level 4. However, this does not mean that the student is totally alone and without help and guidance before he reaches level 4. **One of the most advanced Melchizedek Teachers of Light to incarnate into the 20th century was Omraam Mikhael Aivanhov, a high master of the Universal White Brotherhood (A Branch of UCL).** He tells us that THE CONSCIOUSNESS OF ENERGY expresses itself through an infinite variety of luminous entities associated with all natural life-forms; not only are their planes of consciousness expanding and contracting alongside those of Mankind, they support, teach, and serve mankind within the constraints of their freedom of choice, desires, creative aspirations and the duality of their learning processes. Master Aivanhov spoke of these things as follows:

The luminous entities of the invisible world are not there solely to protect us; they are also there to educate us, which is why they often leave us to manage on our own. Small children always have someone nearby, to see that they come to no harm. But gradually they are left on their own to learn to be responsible for their actions.

Well, it's the same with the inner life. There are entities in the invisible world that take care of us for a time. But once someone has acquired a degree of spiritual maturity, they say, 'It's up to you now to look after yourself.'

Believers make a big mistake when they imagine heaven will always be there to protect them. It won't, and it even allows them to be exposed to danger, so that they can develop awareness and decide to be careful themselves.

To triumph over your instinctive tendencies, you must not count on your will power alone, or it is you instead who will be defeated. To master the sexual force, for example, you must call on celestial entities. You must have a high ideal, a tremendous love for perfection, purity, and beauty. This is not easy, and you will need an entire science if you are to succeed.

Without a high ideal, without an aspiration to live the divine life, the perfect life, it is not even worth struggling against the sexual force, because you will not succeed in sublimating it. You will only repress it, and this is not a solution to the problem of sexuality.

Repression is nothing more than the refusal to give sexual force its natural issue, without nourishing in yourself an ideal capable of accomplishing a work on the higher planes. Only a tremendous love for a high ideal will allow you to sublimate your energies.

There are people who claim to be inspired by heaven. And how does this inspiration manifest? They gesticulate, roll their eyes around, give incoherent speeches, or else they remain frozen for hours in a posture of simulated ecstasy. Well, the truth is, they are unbalanced, ill, as is proven by the rest of their behavior.

Even if people talk about heaven, about the Holy Spirit, angels and archangels, the reality is that among those who claim to be inspired by heaven there are many who are sick. Their wish to communicate with the divine world was no doubt sincere, but due to a lack of discipline and inner work they have only been able to connect with the subterranean (low vibration) regions of the astral plane. Of course, they also receive messages and orders, but of a kind they would do well not to trust.

You should learn to tell the difference between inspiration and certain forms of insanity. Those who are truly in touch with heaven can only receive currents of light, harmony, and peace.

It can happen that suddenly, without any prior warning, you feel flooded with light; all of a sudden your consciousness experiences a great upward shift to the level of super-consciousness, and you are dazzled by the vastness and beauty in which your higher Self dwells.

Unfortunately, this state doesn't last, and you're back to your everyday life with the same worries and the same weaknesses; you feel as if you're in darkness, hemmed in, cut off from your higher Self, your divine Self, like a fragment separated from the Whole. Then, once again, you experience more light, an illumination, but this too doesn't last.

But do not be discouraged, keep working, keep making efforts. One day, finally, after all the ups and downs, after all the veering between light and darkness, the light will no longer leave you, you will have crossed to the other shore, and you will be saved for good.

So we see that even for a child whose plane of consciousness, at birth, is at the lowest first level of spiritual awareness, an unlimited variety of possibilities exist to joyously expand their plane of consciousness rapidly up to the fourth level in a fairyland type environment with the loving help of holistically educated parents and teachers.

Once the Planes of Consciousness of the CHILDREN have reached the fourth level of Cosmic Spiritual Awareness and crossed the threshold, at this time **THE SILENCE THAT ROARS** becomes audible and the Eternal Voice of BCE whispers lovingly into their Spiritual Ears:

Behold, I, THE BOUNDLESS COSMIC ESSENCE, AM ONE; I am within all things centering them and around all things enfolding them. I AM THAT I AM; but, I can only BE through YOU!

I am the source of inspiration. To him who seeketh inspiration through Me, I say: Learn thou to walk my path strongly in the LIGHT of Knowledge, Wisdom, Love, and Creative Understanding for in the Darkness of Ignorance, thou canst not find thy way to Me. The path to Me is this LIGHT, and by it thou canst well see thy way to Me.

I am the soul of art. To him whose soul would touch My soul, and feel the heartbeat of its mighty rhythm, I say: In so far as thou knowest thyself as Light, shalt thou know Me as Light.

I am beauty. In beauty must man be born anew. Through Beauty must knowing man become ecstatic Man.

To him who would add ecstasy to his knowing I say: Seek Me in Truth; for only in the rhythm of Truth shalt thou find ecstasy.

Verily I say, the creations of Ecstatic Man are My creations, for they are balanced things, and I am balance.

To him who wouldeth create unbalance I say: Un-truth exists not in My house. I alone hold balance; and the eyes of those who see through Me are immune from all but balance.

The Divine Iliad of Walter Russell

Newborn babies, like all living things, respond to the inspiration and guidance of BCE instinctively and this is why the Mind of a Child is the perfect reflection of ITS Mind. However, unlike the Human Child, the instinctive behavior of animals, plants, insects etc. remains fixed throughout their lives. The human baby, on the other hand, is a Microcosm and quickly begins to develop an “I am that I am” ego complex through which **BCE instinctively inspires them, at the beginning of each incarnation, to release all of their divine potentials, develop their personal cosmologies, through the love of pure learning, and utilize the four processes of creation to make all of their dreams come true.** Of course, all of this takes place on the time-line of eternity and in the domain of the agony and the ecstasy of many lifetimes of experience in the duality of existence.

Babies born to parents in the Darkness of Ignorance and Materialism, are instinctively guided by BCE for about the first two years of their lives, the clamor of dogma from uneducated, and often unloving parents and society, and adaptation to harsh and brutal environments, totally shuts down all instinctive guidance and inspiration from BCE. All of this forces the child to develop a conscious mind which is so negative and constraining in its beliefs that it programs their Spirit to use all of its powers to manifest their negative beliefs in reality! **It is a sublime mystery that the Dark Caterpillar Phase is brought into being by programming the minds of CHILDREN to believe that they are as vulnerable as animals, fearful of death, doomed sinners who must be saved and, most of all, to not believe that they are representatives of BCE and, consequently miniature Gods! Children programmed in this manner become the dominant CSS of the Dark Caterpillar Phase!**

On the other hand, babies born to superbly educated Spiritual Parents, are very fortunate because they are extremely careful not to suppress the presence of BCE who is instinctively guiding them and they do everything possible to strengthen It! **Divine parents of this kind know how to utilize a highly sophisticated and profound system of Holistic Education to begin the development of their children BEFORE THEY ARE BORN, help many of them to expand their Planes of Consciousness above level 4, and to make great progress toward creating their Personal Cosmologies by age twelve, on the average.** During the Butterfly Phase of Light, the CLO dominate because all of the children are raised up in this wonderful manner.

When newborn babies awaken, they hear the sweet voices of their mothers whispering caring words of love and nurturing support into their ears; however, they do not consciously understand because they have not yet learned the language with which they speak. The same is true of aspiring students who have expanded their Planes of Consciousness to the fourth level: they can hear the Silent Voice of BCE but they cannot understand the Language of Light with which He speaks! Therefore, a **major part of the children's Holistic Education is to teach them THE LANGUAGE OF LIGHT which is a unification of UNIVERSAL GEOMETRICAL MATHEMATICS and THE FEMININE CREATIVE OCTAVE OF COSMIC MUSIC.** This language was created by High Priest RA and his colleagues during The Golden Age of Egypt along with their THEORY OF EVERYTHING which served as the foundation for the developing their wonderful system of Holistic Education. All of these have been projected forward to us by the ENERGY of Mankind's Evolutionary and Involutionary Cycle of Spiritual Development on Earth (EIC) and are physically encoded, with highly sophisticated Ancient Hieroglyphics, in the Egyptian-Atlantis Time Capsule.

GRAND MASTER THOTH, THE GREEKS, & THE TEMPLE OF MAN

Throughout the entire COSMOS, and on Earth in particular, the awesome Evolutionary and Involutionary Gender Conditioned Cosmological Action of Man, is intimately monitored, recorded, and guided by the NAMELESS and BOUNDLESS COSMIC ESSENCE (BCE). From moment to moment, The Silent Loving Voice of BCE is eternally whispering His plans pertaining to the unfoldment of Mankind's EIC; however, only the CLO can clearly hear Him, deeply understand his inspiration, and implement it with the help of their Melchizedek Teachers and Guides in THE COSMIC UNIVERSITY OF LIGHT. **A GRAND MASTER** coordinates the activities of all of the Melchizedek Teachers and Guides who serve the CLO on Planet Earth. Once again, we remind the reader that we are no longer dealing with Microcosms of Man that are confined to gross physical bodies; however, they can, at any moment, materialize temporary bodies with the power of their minds but this has only been infrequently done during the Caterpillar Phase under very rare and critical circumstances.

The Grand Master who served the CLO during the Divine Age of Lemuria, the High Tech Era of Atlantis, and the Golden Age of Egypt and continues to serve during the present High Tech Civilization, was known as **GRAND MASTER**

THOTH. When the Egyptian Civilization was rebuilt, after the worldwide destruction caused by the Great Deluge, the significance of Thoth, as the master builder who inspired the construction of The Great Pyramid, was remembered esoterically; however, exoterically, he became a deity in the Egyptian Pantheon. At the same time, the High Priest RA, who spearheaded the rise of the Golden Age of Egypt, was designated as representing **THE SUN GOD RA.**

The construction of the Great Pyramid was of such enormous importance to the forward projection of Mankind's EIC, that **Grand Master Thoth literally incarnated into a physical body** in order to work side-by-side with High Priest RA, his colleagues, and the CLO population of Egypt at the height of her Golden Age to help design, engineer, and carry out the construction. **The chronology in numerological and metrological form which was encoded into the internal passages of the Great Pyramid was entirely the work of Thoth.** His highly accurate predictions, pertaining to the major events that would occur during the evolutionary and involutory progress of Mankind on earth for the entire 12,000 years of the Caterpillar Phase, beginning with the completion of the construction of the Great Pyramid in 10,390BC and ending on December 21, 2012AD, could only have been done by someone whose Plane of Consciousness had been expanded into the seventh Level of Cosmic Spiritual Awareness.

Therefore it is not surprising that when civilization in Egypt had been regenerated after the Great Deluge, Thoth was venerated as an ancient Egyptian Sage whose wisdom is said to have transformed him into a God; in other words, he had released all of his divine potentials, expanded his consciousness to the seventh level and became a co-creator with BCE. They even credited him with the invention of sacred hieroglyphic writing and his figure, portrayed as a scribe with the head of an ibis, can be seen in many temples and tombs. He was considered to be the dispatcher of divine messages and recorder of all human deeds. In the Great Hall of Judgment, the after-life court of the God Osiris, Thoth would establish whether the deceased had acquired spiritual knowledge and purity, and so deserved a place in the heavens. Thoth was said to have revealed to the Egyptians all of their knowledge on astronomy, architecture, geometry, medicine and religion.

The ancient Greeks, who studied in the Mystery Schools of Egypt, and were very much in awe of the knowledge and spirituality of the Egyptians, identified Thoth

with their own God Hermes, the messenger of the Gods and guru for souls in the realm of the dead. To distinguish the Egyptian Hermes from their own, they gave him the title 'Trismegistus', meaning 'Thrice-Great', to honor his sublime wisdom. The books attributed to him are collectively known as **THE HERMETICA**.

Around 590 B.C., early Greek Philosophers became fully aware of the fact that enlightened Egyptian priests had been initiated in the Great Pyramid with *The Rites of Ascension into the Light*. Plato reported that this awareness inspired the Greek philosopher, Solon of Athens, to visit Egypt.

While conversing with the priest at the temple of Neith, in Sais, which was the capital of Egypt at that time, he was told emphatically that the last great deluge, which destroyed civilization, had occurred around 9,600 BC which is nearly 12,000 years before our time. Since Archeologists and Egyptologists refuse to believe this, they have even gone so far as to accuse Plato and Solon of incorrectly relating their units of measuring time to those of the Egyptians. Plato said himself that compared to the Egyptians, the knowledge which Solon had, pertaining to the very ancient history of the world, was virtually insignificant:

O Solon, Solon, you Greeks are but children," said one of the priests, who was of a very great age. Upon hearing this, Solon said, "What do you mean?" The Egyptian replied, "I mean to say, that in mind you are all young; there is no old opinion handed down among you by ancient tradition; nor any science that is hoary with age. And I will tell you the reason for this. There have been, and there will be again, many destructions of mankind arising out of many causes; and the greatest have been brought about by the agencies of fire and water; and there have been lesser ones by innumerable other causes.

The chronology for the unfoldment of Classical Greece was also precisely laid out by Thoth in the Great Pyramid.

A considerable amount of the Spiritual Science that was developed during the Golden Age of Egypt was brought forward into the New Egypt that had been reconstructed after the Great Deluge. Around 3000 BC, The CLO established **THE MYSTERY SCHOOL OF LIGHT** and this led to the construction of the **Temple of Luxor**. **R. A. Schwaller de Lubicz (1887 - 1961), and his dedicated wife Isha, conducted a 15 year study of the Art and Architecture of the**

temple. Without doubt, he was a member of the CLO who incarnated specifically for the purpose of extensively decoding the art, architecture, mathematics, sacred geometry, and philosophical implications to make them accessible to everybody who is striving to expand their Planes of Consciousness through the Love of Pure Learning. He presented the results of his work in a very large two volume set of wonderful books with the title: **The Temple of Man.**

He also shows that the design of the entire temple complex was based upon the structure of the human body; which meant that not only did the Egyptians know that the human body is the temple of the Cosmic Essence, but that it is also a microscopic representation of our awesome Macroscopic Cosmos! He retrieved a large part of Egypt's holistic knowledge and recorded it in another of his very enlightening books with the title *Sacred Science*. It is very likely that a large percent of the high quality scientific and spiritual knowledge, contained in The Egyptian Time Capsule, is also presented with mathematical rigor in his books.

THE HERMETICA.

It is remarkable that **GRAND MASTER THOTH** was able to write down an outline of the essence of the highly sophisticated Spiritual Science which had been developed by Egypt's most advanced civilization before the great flood, that has survived above ground for nearly 12,000 years in the form of a book called, *The Hermetica*. How it was able to escape the wanton destruction and vandalism of the Dark Ages, during which even the Egyptian Language itself had been temporarily lost, is a deep mystery which suggest that it must have been Divinely Protected.

Recently, a very excellent translation of it, by Timothy Freke and Peter Gandy, has been published. **It dwells profoundly upon the ONENESS of all things; and that it is only through appreciating the awesome beauty of the COSMOS and understanding the fundamental laws by which it functions, that we can come to know the Mind of God.** It contains the 'essence' of the highest spiritual philosophy, physical science, and spiritual science that was earned by THE CHILDREN OF THE LAW OF ONE (CLO) in Atlantis, all of the wonderful civilizations that were concurrent with her, and the great civilization of light that occurred in Egypt before the final deluge. After the Egyptian Time Capsule has been opened, the Hermetica will be very helpful toward obtaining an accurate

translation of the enormous amount of holistic knowledge it contains.

The Hermetica has had a significant influence on the development of thought and consciousness expansion in all of the civilizations that have risen and fallen during the dark phase; truly, it is the LIGHT that has been shining in the DARKNESS! The Hermetica played an important role in the revival of civilization after a shift in the earth's axis caused enormous floods that sank Atlantis and devastated all of the nations that were concurrent with her. It was especially important in bringing about the re-emergence of Egyptian civilization which, in turn, influenced the rise of Classical Greece. Finally, it was instrumental during the rise of Arab civilization which eventually triggered the European Renaissance. Just before terminating his incarnation, after he had completed his work on the Great Pyramid and written the Hermetica, he wrote the following final words:

These wise words, although they have been written by my decaying hand, have been imbued with the medicine of immortality by THE ABSOLUTE ONE; they will remain imperishable through time.

Be they unseen and undiscovered by all those who will come and go while wandering through the wastelands of life.

Be they hidden, until an older heaven births human beings who have made themselves worthy by expanding their Planes of Consciousness, through the Love of Pure Learning, into the LIGHT of THE ABSOLUTE ONE.

The Last Words of Thrice-Great Hermes.

THE INSPIRING GUIDANCE OF THE CLO DURING THE CATERPILLAR PHASE

During the process of encoding the chronology of Mankind's spiritual progress during the Caterpillar Phase, **Thoth also projected the date on which he would incarnate again: that date was given as 0000AD, THE TIME WHEN CHRIST WAS BORN!** Therefore, once again, Grand Master Thoth incarnated for the purpose of personally helping the very few people, who were ready to do so, expand their Planes of Consciousness to the fourth level and higher. His teachings were profoundly holistic, so much so that the Spiritual Development required to

fully comprehend and apply them is still greatly lacking in most people today.

In Matthew 2 : 13 - 23 it is suggested that after the birth of Christ, his parents escaped with him to Egypt in order to avoid the wrath of Herod. But Christ was a man of destiny who had to return to Egypt in order to re-connect with the astral records of his previous life there, and undergo the Rites of Ascension in the Great Pyramid which he had helped to build. Since the world was very much in the Caterpillar Phase at the time, with 2000 years left to go, **his mission also involved re-vitalizing and re-energizing the CLO so that they could continue to serve as A LIGHT IN THE DARKNESS** for those few people around the world who were striving to expand their planes of consciousness above 3D where they became eligible to be taught and guided by teachers of light in the Cosmic University.

Christ would never have been able to complete his mission of initiating the process of synchronizing the consciously directed life energy processes of mankind to those of earth's biophysical grid system, which coordinates the life energy flow of every living thing on earth, if the technology he needed to do so had not been available to him. This technology was developed in Atlantis; so how did it get to the Essence Communities in Israel?

Since the CLO are characterized by the fact that they are experiencing the JOY of being at ONE with BCE, they are always in the process of developing communities around the world which are devoted to helping qualified parents and their children expand their planes of consciousness from the darkness into the light with holistic education. This process is very easy to accomplish when the spiritual awareness of the people is at the 4th or higher level; however, below this, it becomes extremely difficult. As Atlantis was breaking up, and mankind's planes of spiritual awareness were rapidly declining, the Atlantean CLO, under the direction of Grand Master Thoth, constructed a hidden monastery in the high mountains of Tibet, and then stocked it with a very large library of historical, philosophical and scientific documents. They also brought with them a considerable amount of Atlantean technology which they used to keep themselves hidden and make it difficult for un-welcome visitors to reach them.

After the Great Deluge, the destruction of Atlantis, and when civilization began to regenerate, they discretely offered their services to any group which established

themselves around the world for the purpose of expanding their planes of consciousness into ONENESS with BCE. Since they were very much aware of the fact that THE TEACHER OF RIGHTEOUSNESS, who had been predicted to be born in Israel, was an incarnation of their Grand Master Thoth, you can be certain that they did everything possible to help the Essence Communities prepare for him.

While Christ was growing up in the Essene Community in Israel, he was definitely not idle! Atlantean technology, and assistance from higher levels of Cosmic Awareness, were used to enable him to teach in all parts of the world: this is implied by certain American Indian myths and the legend of Quetzalcoatl in South America. There are even historical records of him having taught in the regions of India, Kashmir and Tibet; and he was, of course, a frequent visitor to the Atlantean Monastery.

The fascinating and complete story of how the Atlanteans, with the help of the Essenes, set up an extremely complex and quite large living energy grid system to support Christ while he was being crucified (for the purpose of suspending and rarefying his Divine Spiritual Energy) is given by Stuart Wilson and Joanna Prentis in their book *The Essenes: Children of the Light*. A brief quote from this book pertaining to this remarkable energy system follows:

There was an inner and an outer energy system. The outer energy, generated by the Earth, focused and intensified by crystals, was directed along lines of force running across the service of the land towards Christ on the cross. This enabled the energy levels in his body to be maintained. The inner meditational energy was fed by the communities into subtle levels for directing to Christ. Together these two sources provided a complete system of support. The inner energy sustained and nourished the higher aspects of his being, and particularly their link with the physical body. It was essential that this link was strongly maintained until his energy process was completed.

A remarkable document has survived which testifies to the important fact that an awful lot more was going on during the so-called crucifixion of Christ than just the simple process of nailing him on the Cross! **This document is a part of THE ACTS OF JOHN in THE CHRISTIAN APOCRYPHA and has the title REVELATIONS OF THE MYSTERY OF THE CROSS.** It is published in a

large book called **THE OTHER BIBLE**, edited by Willis Barnstone.

WE ARE ENERGY! Therefore, it follows that the most beautiful, and awesomely mysterious methods, involved in **the giving and re-giving of love**, must be **glorious energy transformation processes!** Does this not dwarf into insignificance the barbaric idea of Primitive Blood Sacrifice?

THE ATLANTEAN MONASTERY (THE SAGA OF SHANGRI-LA)

For over 12,000 years, the Atlantean monastery in Tibet, without which Christ would never have been able to fulfill the purposes for which he had incarnated on earth, continued to play an advisory, but non-interfering, role in the spiritual development of Mankind on earth. For all of this time, it remained deliberately hidden with the use of Atlantean technology, natural isolation, and with the help of the Tibetan people who would never reveal its location and always directed strangers away from it! Everyone permanently living in the monastery was of direct Atlantean physical, mental, and spiritual heritage which was the 'root' from which all of the major religions of the world sprang up.

It was the most significant monastery to the Children of the Law of One all over the world because it was originally built and initiated by Grand Master Thoth (Christ). After Christ had completed the process of regenerating the earth's Life Energy System, the Essene communities in Israel were shut down in preparation for the coming darkness during which there would be extensive destruction of the world's great libraries and desecration of the sacred temples. The Rites of Ascension were no longer performed in the Great Pyramid and the 81 paintings on the walls of the King's Chamber were transferred to the library of the Atlantean monastery in Tibet. These 81 paintings were the source of the Tarot Cards as they are known today. The first three of the original paintings have already been returned to the new order of the CLO and the others will be coming forth soon if it can be verified that the world is ready for them.

Even though the Atlantean monastery was well hidden, over the centuries a few travelers and adventurers, who were not members of the CLO, had managed to occasionally stumble across it. After returning to their places of origin, they told stories of a beautiful, heavenly community that existed amongst the great mountains. Some legends called it **Shambal-La**; and more recently, in a novel

written by James Hilton, which was made into a movie, *Lost Horizon*, by Frank Capra in 1937, it was called **Shangri-La**.

In fact, the name Shangri-La comes from a village called **Shargung-La** which lies on a northeastern path that was taken by some of the novice monks to get to the monastery. Since keeping their monastery secret was vital to the Atlanteans, they somehow arranged for the name to be modified in order to protect their sanctity for as long as possible. **But it was prophesied long ago, as well as being signified in the chronology of the Great Pyramid, that ‘THE LAND OF THE TEACHERS’ would ultimately be desecrated and destroyed!** Nevertheless, secrecy, nature, and some Atlantean Technology did protect them long enough for them to complete their mission of keeping the Light of Love and Oneness shining in the Darkness of the world until the time came when mankind had to make the critical choice of how they were going to transform their planes of consciousness from the Darkness of the Caterpillar Phase into the Light of the Butterfly Phase.

The beginning of the end started in 1949 - 1950 when the Chinese Army invaded Tibet. They literally attempted to wipe out the Buddhist Religion with the destruction of more than 6000 monasteries along with their priceless historical documents dating back many thousands of years. The Atlantean monastery remained undiscovered up until the mid-1980s due to it being kept secret, its isolated location, and some ancient Atlantean technology that would effectively make those who even approached the areas of access to the valley too weak to continue.

Since the Atlanteans knew that the monastery was going to be eventually destroyed, and over 6000 Buddhist monasteries had already been devastated, they most certainly would have made preparations for this; however, **the nature of these preparations is known only to a few hundred survivors.** To most of the Atlanteans, life without their monastery was unthinkable; consequently, they chose to die with it and expand their consciousness and spiritual awareness into higher levels of UCL. So on the date of the attack, with their Planes of Consciousness always having been at ONE with BCE, they put themselves into deep states of meditation, and did just that!

Upon the destruction of the physical monastery and their physical bodies, ethereal counterparts were formed in the earth’s parallel universe to take

their places. Therefore, the CLO, who are ONE in CONSCIOUSNESS with BCE never die, they just transform to a higher universe and then re-incarnate back onto the physical earth at the appropriate time. This type of transformation is unavailable to everyone except those who have become ONE with BCE.

THE LAST EFFORTS OF THE DARK CSS

In a speech given on January 17, 1961, president Eisenhower warned of the dangers of the Military Industrial Complex. Out of this grew perhaps the most sinister and diabolical world-wide intelligence agency that has ever been encountered in all of recorded history. It operates at the very highest level of secrecy which is designated as ‘**Cosmic**’. Its mission is to suppress everything which, if revealed, might stimulate the public to rise up out of their ignorance, recognize the true purpose for which they were created, realize their divine potentials, recognize that high physical civilizations have cyclically existed on earth for more than one million years, and finally be awakened to the awesome fact that the COSMOS is teeming with life and that visitors from all over their beautiful galaxy have been keeping very close track of everything that has been happening on earth for as long as mankind has been incarnating here. Without question, those who lead this extremely suppressive agency are members of **The Dark CSS.**

After the leaders of the Dark CSS learned of the existence of the Atlantean monastery, they feared that if the people found out about them, then they would have absolute proof that Atlantis had existed; however, it would not stop there because the reality of UFOs would follow close behind; and finally, the sad fact that the Dark CSS have been hiding several inventions, which could have led to free, clean, and plentiful energy for everybody for more than a century, would also have become known! Therefore, to overcome the Atlantean defenses, they mounted a coordinated attack with not just Chinese forces but also multiple forces utilizing a “Hi-Tech” weapon which was beyond the technology of the Chinese at the time! **The Dark CSS have also been responsible for keeping the discovery of the Egyptian Time Capsule in 1998 from being revealed to the public!**

Now we wish to remind the reader again that there is nothing ‘evil’ in all of this! It is the competition between the CSS and the CLO which drives the Evolutionary

and Involutionary Cycle of Mankind's Spiritual development on earth; this is all in accord with THE ABSOLUTE LAW OF DUALITY without which there would be no 'action' in the COSMOS. The Atlantean monastery did not die anymore than a human being dies; the time had come for it to be transformed into a higher universe and then re-incarnate, and this is exactly what happened. Its ability to help humanity expand their planes of consciousness is now greater than ever because they are operating in the infinite domain of Pure Mind-Force Energy!

The reason for the physical destruction of the Atlantean monastery, keeping the Egyptian Time Capsule secret, and suppressing everything possible that is related to earth's interaction with higher worlds, is implied in the fact that nobody can ever really fully understand, appreciate, adore, and praise something which they did not earn and that is directly given to them for nothing!

The greatest of all of the several opportunities that have been given to mankind to avoid a large amount of the physical, mental, and spiritual 'anguish' that is associated with the transformation of mankind's Spiritual Consciousness from the Caterpillar phase to the Butterfly Phase, was missed in 1950 when the Chinese invaded Tibet, destroyed over 6000 monasteries, and finally succeeded, several years later, in destroying the Atlantean monastery.

This action proved that the people of earth had not developed a Spiritual Science that was equal to their Physical science; therefore, they did not qualify for help from the CLO who were directly descendent from Atlantis, and who could have painlessly lifted them into the glorious spiritual light of the Butterfly Phase. Therefore, it was imperative that the Atlantean Monastery be made inaccessible so that the only option left was for the people of the world to call upon everything that they have learned, during the past 12,000 years of agonizing experience in the Darkness of Materialism and Ignorance, in order to determine if sufficient progress has been made to enable them to lift their planes of consciousness from the Darkness of the Caterpillar Phase into the glorious Butterfly Phase of Light and Cosmic Spiritual Awareness!

We have already shown how the chronology of the Great Pyramid has been decoded with the monumental efforts of several great investigators, during the 19th and 20th centuries. The Egyptian Time Capsule, however, is a different matter.

Even if it were released to mankind immediately, decoding it from the Sacred Language used during the Golden Age of Egypt, will require several years of hard work by a large team of translators; consequently, the information contained in it is not yet accessible. The same is true of a second time capsule that has been located in South America; and, the final third time capsule of Atlantis which is still at the bottom of the ocean.

On December 21, 2012, a great and deeply inspiring PULSE OF COSMIC LIFE ENERGY, projected from the center of our beautiful Galaxy, was received by our beloved SUN and subsequently transferred to the Life Energy Grid System of our beautiful Earth (see our website article: 2012 : *Regenerative Sun Guidance*). **Mankind is now faced with the greatest opportunity that can be given to them during the entire 26,000 year cycle of their spiritual development on Earth.** If they begin immediately to take advantage of this greatest of all opportunities, then they will earn the right to have some control over the horrific re-terra-forming processes that the Earth MUST undergo during this century, in order to prepare her surface for the Glorious Butterfly Phase of Light that is beginning to dawn! This process has been underway for sometime; however, it is being controlled by the all-encompassing Awareness of BCE in order to allow time for the fulfillment of certain ‘special plans for Mankind’s precious children’ which IT has formulated. This is why several predictions made by Edgar Cayce, Paul Solomon, and Nostradamus, to name a few, have not come true at the ‘times’ given; because, for the present, they are being delayed; but eventually, they will come to past for certain during this century.

It all has to do with The Precious Children of the World who are being abused today more than ever as the CSS are struggling relentlessly to prevent the Light from dawning! Remember, the abuse of Children is direct abuse of God! The Darkness, which is an illusion, can never ultimately defeat the Light because it is the reality. Nevertheless, without the Darkness, the evolutionary and involutory processes of Life can never occur! **Even when Darkness ‘appears’ to subdue the Light, its ultimate effect is only to ‘thrust the Light forward’!**

If the Atlantean monastery, and the contents of the Egyptian Time Capsule, had been given to mankind for nothing, and before they had already ‘earned’ the contents for themselves, they would never have had the opportunity to determine if their physical and spiritual science was

sufficiently advanced to enable them to independently create, deeply comprehend, and UNDERSTAND THE LANGUAGE OF LIGHT for themselves.

This beautiful all-encompassing language makes it possible for each person to have access to a viable system of holistic education, develop their PERSONAL COSMOLOGY, from their own unique point of view by deeply understanding the true nature of the Cosmos, and derive physical and spiritual science, on their own, from the beginning. **It is only in this manner that the Beauty and Glory of our awesomely mysterious COSMOS can be fully appreciated and praised by each and every person, UNIQUELY, who has expanded their planes of consciousness to levels of Cosmic Spiritual Awareness high enough for them to Marvel Joyously at the immense wonders of GOD and all of His Power and Handiwork! It is by so doing, that Cosmic Mankind makes the optimum contribution toward eternally expanding THE COSMIC SPIRITUAL AWARENESS OF THE NAMELESS AND BOUNDLESS COSMIC ESSENCE (BCE).**

At the end of each phase of mankind's cycle of spiritual development on earth, the evolutionary and involutory progress, which has been obtained, fully justifies the following biblical statement:

And we know that all things work together for the good to them that love God, to them who are the called according to his purpose.

Romans 8 : 28

What this means, in effect, is that **there is nothing wrong in the COSMOS and that everything is proceeding exactly according to the plans of the NAMELESS and BOUNDLESS COSMIC ESSENCE (BCE).**

As Christ said in the Thomas Gospel, *“The Kingdom of God is spread all over the earth but men do not see it!”* The time has come for everybody to make God's Kingdom visible by expanding their planes of spiritual consciousness with THE LOVE OF PURE LEARNING.

THE REALITY OF IMMINENT CONSCIOUSNESS TRANSFORMATION

Monumental revelations, relevant to the state of human evolution on Earth at this time, were recently given to the world through the very accurate and potent mediumship of the Italian philosopher Pietro Ubaldi, a spiritual scientist, who was not only fully aware of the fact that the entire infinite Cosmos is alive, but was also deeply and joyfully communicating with It consciously at very high levels of spiritual awareness. During the unfoldment of these revelations, the following observations concerning the irrational conceit, bias, and self-righteous prejudice of mankind's physical scientists were noted:

The last century has received and developed an idea quite its own, an idea which previous centuries did not grasp, intent as they were on absorbing and developing other ideas. Your idea has been science, through which you have believed that you have discovered the absolute, while science itself is a relative idea, which will fade away when its cycle is exhausted. And I come to speak to you now, for the very reason that this cycle is nearing its end.

Your science today has been driven down a blind alley without any outlet for your mind. What did the last century give you? Machines, such as the world had never known before (but nevertheless mere machines) and in compensation it has dried up your souls. This science has passed like a devastating tempest, destroying all kinds of faiths, and has imposed upon you the dead, soulless mask of skepticism.

You smile scornfully; but your spirit is dying from starvation and cries out in protest. Your science itself is a sort of methodical, fatal desperation without hope. Has it solved the problem of grief? What use has it made of the gigantic powers it has wrested from nature? Knowledge and strength in your hands have ever been transformed into means of destruction.

And of what good is this knowledge if, instead of improving and lifting you towards higher spheres, for you it is an instrument of perdition? Do not laugh, you skeptics, who believe that you have solved everything by suffocating the higher aspirations of the soul! Grief will pursue you and find you everywhere; you are like children who think they can escape from danger by hiding their heads and closing their eyes; but there is a law, invisible to you, yet stronger than the rock; more powerful than the hurricane, which moves and animates everything in its exorbitant march: and that Law is LOVE.

That law is within you; your life is an expression of it; it will mete out to you joy or grief, justly, according to your deserts. This is the synthesis which your science, lost in an endless labyrinth of analysis, can never reconstruct!

Throughout the 20th century, this skepticism on the part of modern physical scientists has rapidly increased to such an extent that nearly all of the major advances, that have been made in the development of Spiritual Science, have been almost totally ignored. But, worst of all, even highly accomplished physical scientists, who also have deep spiritual awareness, are likewise ignored and dismissed when they attempt to present ideas that are beyond their level of Cosmic Spiritual Awareness! As Christ said in the Thomas Gospel: *“The Kingdom of Heaven is spread all over the Earth but men do not see it!”*

Skeptics are among the most ignorant and unperceptive people in the world because their spiritual minds have been totally shut down, from birth, and they are fully adapted to living in the Dark Caterpillar Phase. Therefore, when they are confronted with someone who is striving to climb upwards into the light, they do everything in their power to pull him back down! **Their minds are so atrophied by the endless struggle of being ‘for this thing’, and ‘against that thing’, between so called ‘truth’ and so-called ‘false’, between so-called ‘right’, and so-called ‘wrong’, that the ability of God to creatively inspire them has been completely subdued.**

There is one other very important consideration that we must briefly address: It has to do with the undeniable fact that most of the great creative philosophers, geometrical mathematicians, physical scientists, engineers, and inventors who have made modern civilization possible, worked at levels of mental and spiritual awareness higher than those of the average person in society. **Even though these creative individuals were able to transfer large amounts of information to their students, they could never transfer their ‘understanding’!**

Since the degree to which students can understand what they have been taught depends largely upon the levels of spiritual awareness to which they have expanded their planes of consciousness, **most physical scientists are primarily ‘copy-cats’ with varying degrees of intuitive ability to manipulate knowledge that they have learned, but are incapable of feeling its deep relevance to the Cosmos and expressing awe at the wonder and glory of it.** This is why so

much wonderful subjective, intuitive, mythological, and spiritual knowledge, that has been passed down by the very sophisticated minds of historical people have been ignored by scientists making the very materialistic excuse that it either cannot be verified by ‘experiment’, or it cannot be experimented with! In other words, anything which cannot be detected by the five senses, or experimentally verified, is unreal and, consequently, has no existence!

For those of us who have seen it, are now working with it, and are in the process of regenerating it, the entire history of mankind, as well as the essence of a highly developed Spiritual Science, is present in the sub-conscious memory of everybody living today, recorded in ancient traditions, customs, and mythologies of indigenous peoples, encoded into ancient temples and megalithic ruins all over the world, stored in well hidden caves high up into the Himalayan and Andes Mountains, in hidden monasteries and esoteric spiritual orders throughout India, Kashmir, and Tibet. This list is not exhaustive and several major time capsules remain yet to be discovered. This means that throughout the entire 12,000 years of the Caterpillar phase, knowledge of esoteric spiritual science has always been available to the very few whose planes of consciousness have expanded above the 4D level of spiritual awareness.

But let us assume that by some awesome catastrophe, the entire surface of the earth was desecrated to such an extent that everything mentioned above would be destroyed. Then, everything that has occurred on Earth, down to the smallest detail and including all thoughts and actions are precisely recorded in the Astral (ethereal) domain which enfolds the Earth at a lower density of matter with higher light speed. The parallel worlds of the earth are well known to Spiritual Scientists but are still, as yet, beyond the perception of Physical Scientists.

Even though the ancient priest of the Maya were themselves highly developed spiritual scientists and cosmologists, they did not create their calendar but inherited the basic structure of it from the previous great civilization of Light that was known as Lemuria. Very important dates, pertaining to mankind’s recent 26,000 year cycle of Mankind’s Spiritual Development on Earth, have been recorded in their calendar and Don Alejandro, a Mayan Elder and Shaman, informed us about the critical date which was predicted by the Mayan Calendar that we took very seriously and acted upon:

To all of my brothers and sisters who listen to this message: First of all, these words are not mine, but the words of my ancestors. In the prophecy of the Maya it is stated that the time of the 12th Baktun and the 13th Ahau (December 21, 2012) marks the date of the return of our ancestors and the Men of Wisdom. Let the morning come, let the dawn come for the people to find peace and be happy.

Do not be afraid of this because it is only a time of change, just like the change from the old year ending on December 31st to the New Year beginning on January 1st. Who knows how many times this has happened before? We are now in the fourth period of the Sun! Do not believe all of these things you are hearing from those people who are threatening the world.

Don Alejandro: Mayan Elder and Shaman

The Great and Inspiring Life Energy Ray that has been in the process of being projected to Earth from the Center of our Beautiful Galaxy, and which reached a point of critical intensity on December 21, 2012, is inspiring all life on Earth, and especially each and every person who represents God, to prepare to begin the process of building a glorious New Cosmic Civilization that is bounded and centered by THE AWESOME LOVE AND LIGHT of THE NAMELESS AND BOUNDLESS COSMIC ESSENCE. First, however, as is the case with all new construction projects, the old structures must be dismantled and recycled before the building of the new ones can be initiated.

The people of Earth are now being given the choice to immediately begin the processes of regenerating themselves spiritually, by utilizing all of the knowledge, wisdom, and understanding that they have accumulated to holistically educate every precious child, and re-terra-form the Earth's biosphere physically. This choice is being given in spite of the fact that the majority of the highly evolved civilizations in our Galaxy, which have been studying the development of mankind on Earth, believe that they will make the proper timely decision! Nevertheless, failing to do so, our beloved Earth Mother will re-terra-form her surface under the guidance and inspiration of our CREATOR.

Signs of this dismantling are already becoming plainly evident: The new energy is strengthening both the negative and positive aspects and actions of the people.

Many who are on the verge of insanity are being pushed over, both the so-called 'good' and the so-called 'evil' are being strengthened and both sides are being locked in mortal combat as they strive to eradicate each other. In the middle east, the people are rising up against the tyrants who have been suppressing them for so long and creating terrorist organizations to threaten the entire world! Diabolical crimes are on the rise: psychotic gunman are killing people at random in churches, schools and colleges and at least one has already performed the extremely unconscionable act of killing precious children in elementary school!

In her very informative and timely 1987 book, *Phoenix Rising*, Mary Summer Rain tells the story of the American Indian Prophet, NO-EYES (who really did not have any eyes), and who accurately predicted all that is happening now and what will happen in the near future pertaining to the impact of the new energies which are drastically affecting the behavior of the Earth's people. We paraphrase a few of her very important predictions as follows:

“Many people are going to have great unrest deep in their hearts about who they are working for. Many work places will not be fair. These working peoples give bosses all that they have to give; yet, they get very little back. They are going to stop work! They get plenty angry; it is going to go all over.

Bosses say that their workers want too many things, such as health care, retirement pay, education etc. Bosses say that they no longer can do business and keep workers happy.

Bosses are going to take their business places to other lands where they get good business and good workers all at the same time (This has already happened in America to a phenomenal extent and is causing great anxiety). As a result, many people do not have jobs and money. Bosses are also going to get machines to do the work of the workers.

The buying and selling of goods between countries is going to change greatly. This is going to be real bad, maybe almost stop even. When that almost stop, many more big businesses and factories are going to stop too. Many people are going to be out of work and there will be no places to work. Many people are going to get very angry! People are going to need ways to beat bad money stuff and people in big jobs are going to do bad stuff at work!

There are going to be terrible amusement accidents, more murders and more suicides. Also, there will be an increase in white collar crime and pedestrian deaths. And accidents in the home will also increase. Dreaded diseases which were thought to be eradicated in the past will return.

There is going to be conflict between the church and the state (The stage for this has already been set by the state giving homosexuals the right to officially get married!).

People are going to see things that they never dreamed were possible before and will begin to question both the state and the church pertaining to this. People are going to see new beings; the beings are going to come more and much more. They are going to see UFOs coming from the sky. The beings are going to show themselves more and more. They are not going to hide and play games. It is time that they begin to show that they have always been here throughout our history. How good this will be is dependent upon each person's point of view. It will be good when people believe it because they have seen it with their own eyes. It is not going to be good from the point of view of the state when people begin to question the state about stuff the state already knows about for a long time. The people are going to be plenty angry at the state. They are going to want to know why the state has been hiding stuff from the people. First, this is going to make the people to not trust the state (This is already happening).

People are also going to question the church now. What does the church have to say about spirits? What is the reality of the church's teachings pertaining to the first man and the first woman? The church's interpretation of the Bible about this will not be able to stand up now! People are also going to be very angry with the Church too!

Times in winter be very bad. Great storms come. They cover all towns. They gonna be all over. Times in summer gonna be many bad rains too. Much lightening make many fires. Big ice stones gonna come more. They gonna come many more days. Summer and winter be all mixed up. It happen all in hour of time. The winters will be bad with blizzards and excessive snowfall. And the summers will be had with thunderstorms and large hail. Also, the lightening will be worst and do more damage. Temperatures rapidly change from hot to cold and from cold to hot.

One last thing, new kind of light in air. Can be in winter; can be in summer. It like 'green'. It be in all air, see? New light in sky. It be green all over. It be in all air and all over, see? There will be days that the entire atmosphere, air, is tinged with a greenish hue. The days on which this occurs are called Phoenix Days! That be when all stuff coming. That be when all land stuff going on (Earthquakes, landslides, volcanic eruptions, land upheavals, tidal waves etc.). That when Phoenix coming into the world. That be the birthing days of great phoenix!" Since MANKIND is the one who is the sole cause of all of the disastrous changes that are now taking place in the world, and they are 'too dumb' to change themselves spiritually, No Eyes says that **"The new rising Phoenix will be there to bring about the peace and rejuvenation to what is left of that purged mankind."**

THE LAST 'WAKE-UP CALL'

Throughout our writings, and especially in our articles *Evolution (Spirit Cycle I & II)*, we have been pointing out that each and every Human Microcosm, throughout our entire COSMOS, always has been, and always will be, evolving and involving in an ABSOLUTE PARADISE! Since all of the powers of God are potentially within every person, when they fulfill their purpose by unfolding those powers and then, through THE LOVE OF PURE LEARNING, expand their planes of consciousness to levels of spiritual awareness high enough to enable them to become co-creators with God, ALL OF THEIR DREAMS CAN, AND WILL, COME TRUE! This means that throughout the now ending 12,000 year Caterpillar Phase of Darkness, the dreams of mankind have been dominated by all manner of evil and destructive desires that serve their Selfish Selves. As a consequence of their great ignorance, and almost complete lack of real Cosmic Spiritual Development, the people of Earth do not realize that they are living in a 'Hell' of their own making!

It seems that most of the people on Earth today are too busy selfishly seeking for life, liberty, and happiness in the materialistic world to take the time required to realize that there is much that they can learn which will enable them to liberate themselves from the personal hells that they have created. But, according to No Eyes, **"Peoples never gonna learn. It too late anyways. People love lazy path. Peoples be dumb, that all."**

We know from experience during World War II that it is possible to shock the mass mind of earthbound humanity so severely that they will wake up out of their apathy and prepare to risk everything for the purpose of protecting their Lives, Society, and Nation. If it were not for the great stimulus given to the creativity of the world's best scientific and technological minds, during World War II, it is very doubtful that there would have been a landing on the moon to date and the great technological revolution that took place during the last half of the 20th century would not have occurred.

We know that after the people of Earth are now being shocked with the fact that UFOs are indeed real; once the pain sets in, they are going to begin questioning other things, real spiritual things and concepts! No Eyes implies that **“Seeing and believing in Aliens is going to shoot their former beliefs to kingdom come!”** They will naturally begin to search further. One thing will lead to another thing, and the next, and the next until finally the people will be well on the way toward discovering their true place in the COSMOS!

The process of convincing the public of the reality of UFOs is now well under way. It is a monument to the stupidity and the lack of philosophical and spiritual integrity of the American people that they have not, so far, been thoroughly convinced, in mass, by the mountain of evidence that now stands before them that cries out proclaiming the reality of UFOs! It seems that most average Americans are so dumb, and philosophically unsophisticated, that they don't really care about anything other than their personal and materialistic concerns! All other major nations which have researched UFOs have released their documents; and, the belief in the reality of UFOs is widespread in Europe, Africa, and Asia. In India and South America nearly everyone is thoroughly convinced, not only because of modern evidence, but also because they are supported by creation myths and ancient historical documents such as THE VEDAS! Yet, American physical scientists are still saying that they have no real evidence indicating the existence of highly advanced civilizations in our Galaxy! Of course, America's secret government does not want the American people in particular, and the people of the world in general, to know this fact for certain!

It has been said that **“when the time is not right for a thing to appear, nothing can make it be; however, if the time is right, nothing can keep it from being!”** For example, the time has now come for **THE ARC OF THE COVENANT** to be

revealed to the world for everybody to see! Jon Peniel, the last monk to be trained in the Atlantean Monastery in Tibet, before it was destroyed, revealed this fact in his 1997 book with the title: *The Children of the Law of One and THE LOST TEACHINGS OF ATLANTIS*. He said that the Arc of the Covenant is hidden in **The Church of Saint Mary's of Zion** located in the Ethiopian city of Axum. Now today, only a short time after December 21, 2012, it has been reported on the national news that this church has a damaged roof and water is leaking into the room containing the Arc. Therefore, the Arc is going to have to be removed elsewhere while the roof of the church is being repaired. Those who have been searching for the Arc now sense a golden opportunity to verify, at last, that the real Arc is contained in the Church and then be motivated to try every means possible to have it finally revealed to the public!

It is going to be discovered that the Arc is truly an Atlantean Energy Storage Device and Transformer that was once housed in THE GREAT PYRAMID! As we pointed out in part IIB, the Arc was not 'given' to the Jews by God; instead, they took it from the Egyptians during the Exodus!

The Atlanteans knew that the Atlantean-Egyptian Time Capsule, that High Priest RA had buried between the Sphinx and the Great Pyramid, would be kept unduly hidden from the people while the cycle of mankind's spiritual development on Earth was being transformed from the caterpillar phase of darkness and materialism to the butterfly phase of Cosmic Light and Spirituality. Therefore, their principle reason for training Jon Peniel was to prepare him to write a book which contained the essence (or outline) of their history, philosophy, and spiritual science. His wonderful book serves as an adequate substitute for the Atlantean-Egyptian Time Capsule until it has finally been translated and released to the public. However, this is not the only work that reflects the contents of this yet to be revealed time capsule!

In part IV, we are going to show that the Master Melchizedek Teachers and Gurus of THE CHILDREN OF THE LAW OF ONE, acting on the behalf of the University of Cosmic Light (UCL), have completed their task of transferring, channeling, and inspiring the essence of all of the philosophical, mathematical, physical science, and spiritual science that was generated during the past complete 26,000 year cycle of Mankind's Spiritual Development on Earth that is relevant to the creation of a Cosmic Holistic System of Education for the precious children of

Earth. This includes the 12,000 year Butterfly Phase of Light that came before the Great Deluge and the 12,000 year Caterpillar Phase of Darkness that came after the Great Deluge.
